“Recent studies have shown an increasing trend among evangelicals that are moving back into mainline denominations. This shows how deep the apostasy is penetrating our supposed Bible-teaching churches. Why is this happening?”

“Simple. After 50 years of Bible churches, they are in decline, expository preaching is beginning to be less popular, and people prefer something other than Bible teaching. The recent emphasis on application apart from in-depth exposition has left people without the ability to think critically, so they are opting for a new social Christianity.”

Quote for the Day

As long as a person has a notion that he is guided by immediate direction from heaven, it makes him incorrigible and impregnable in all his misconduct.
